ATANDRILA PUSHPA

Aspirant Software Engineer

Dhaka, Bangladesh | +88-01742684129 | atandrilapushpa@gmail.com | https://github.com/Atandrila | https://www.linkedin.com/in/atandrila-pushpa-75002a264/

PROFESSIONAL SUMMARY

Final-semester (4.2) B.Sc. in Computer Science and Engineering student at Ahsanullah University of Science and Technology with hands-on industry experience as a Intern Developer at Itransition. Familiar with operating systems, computer networks, software applications, databases, and technical workflows.

EDUCATION

B.Sc. in Computer Science & Engineering (CSE) — Ahsanullah University of Science and Technology (Current Semester: 4-2 | CGPA: 3.49)

Higher Secondary Certificate (HSC) — Holy Cross College (Year: 2019 – 2021 | GPA: 5.00)

Secondary School Certificate (SSC) — South Point School and College (Year: 2019 | GPA: 5.00)

WORK EXPERIENCE

Intern Developer (Frontend) | Itransition (June 2026 – July 2026)

- Worked as a Frontend Developer, completing 5 technical engineering modules and architecting the full-stack final project CV Forge.
- Engineered a dynamic React (Vite) frontend integrated with an Express/Node.js backend, Prisma ORM, MySQL, and PostgreSQL (via Neon DB).
- Configured automated continuous deployment pipelines across Railway, Render, and Vercel for backend services, frontend client, and cloud databases.

TECHNICAL SKILLS

Programming Languages: JavaScript, Python, C, C++

Frontend & UI: React.js, Vite, HTML, CSS

Backend & APIs: Node.js, Express.js, FastAPI, RESTful APIs

Databases & ORM: PostgreSQL, MySQL, MongoDB, Neon DB, Prisma ORM

DevOps & Deployment: Git, GitHub, Docker, Vercel, Render, Railway, Hugging Face Spaces

Core CS Concepts: Data Structures & Algorithms (DSA), DBMS, Operating Systems, Computer Networks, System Design

ACADEMIC THESIS & MACHINE LEARNING RESEARCH

- **Ongoing B.Sc. Thesis: Blockchain-Based Disaster Management & Flood Fund Distribution System:** Architecting a transparent fund distribution system using Fuzzy Analytic Hierarchy Process (Fuzzy AHP) for dynamic priority assessment tiering integrated with secure National ID (NID) linking logic.
- **Multi-Class Eye Disease Detection Using Transfer Learning:** Ongoing research evaluating ResNet-50, DenseNet-121, and EfficientNet-B0 architectures on 4,217 retinal fundus images. Engineered a custom classical segmentation pipeline (CLAHE, Otsu thresholding, Hough Circles) achieving 93.83% accuracy with DenseNet-121.
- **Prediction of Repetitive Hearing Behavior in Court Cases:** Built an automated end-to-end data mining pipeline in Java/Weka using case records scraped from the Bangladesh Judiciary Cause List portal. Engineered derived case features and cross-validated Random Forest, J48 Decision Tree, and SVM models, reaching 98.00% classification accuracy.

SOFTWARE PROJECTS & HACKATHONS

- **Ki Bazaar Korbo – AI Grocery Price Intelligence Web Application (Hackathon Project):** Built a full-stack AI/ML price intelligence platform utilizing XGBoost, FastAPI, React (Vite), and Groq LLM API. Features price forecasting, fair price checking, basket cost optimization, and market comparisons using daily Bangladesh Agricultural Service Portal data. Deployed on Vercel and Hugging Face Spaces (Docker).

- **Travel Website:** Developed a full-stack web application using React.js and MongoDB offering place recommendations, hotel booking workflows, and tour package exploration.
- **Cat Adoption, Pet Shop & Journal Website:** Built using C# and ASP.NET; features pet adoption management, online product browsing, and an article/journal publishing platform.
- **Online School Management & Event Management Websites:** Engineered database lab web applications using Laravel, PHP, and MySQL to streamline school administration, event coordination, user permissions, and relational query operations.

COMPETITIONS & ACTIVITIES

- Participant, CUET AI Hackathon (SciBlitz 2.0)
- Participant, AUST CSE Carnival UI/UX Competition (2023)
- Participant, AUST CSE Carnival 1.0 Programming Contest (2022)
- Participant, IT Olympiad, Inter-College Science Festival, Holy Cross College (2019)
- Participant, Math Olympiad, Inter-College Science Festival, Holy Cross College (2019)
